Individual music with Ambient Music

(1) Choose media source on the Cockpit Terminal

INTERN – Playback of music from the internal drive of the Cockpit Terminal

EXTERN – Playback of music from an external audio device (e.g., smartphone, iPod) via a separate connection option (AddOn External Music)

RADIO – Playback of internet music streams (AddOn Radio Streaming)

Notice:

- Only MP3 formats are supported (INTERNAL).
- For the Feature Radio Streaming, internet access must be provided by the customer.
